

## Presentation Title:

Title: "Market and Trends in the Composite Industry and the impact of the COVID-19 Crisis"

Date: 03.12.2020

Time slot: 11:30 to 12:30 → 60 minutes (50 minutes presentation + 10 minutes Q&A)

## Presentation Abstract:

With the introduction of the BMW i3 electrical vehicle in 2012, a boom for high performance composites for structural parts was created. Since then, many lessons have been learnt and new trends for cost effective materials for mass production have been created.

This market overview will show actual data for 2020 by product and technology and regional distribution by country in Europe. In addition the impact of the CORONA Crisis will be analysed and an outlook for 2021 and beyond will be given.

## Presenter:

Dr-Ing. Michael Effing - AMAC

## About the presenter:

Michael is the founder and CEO of AMAC GmbH, and the chairman of the trade associations AVK and Composites Germany
